

How to set up and run a Sunday School

This meeting is for those who don't have a Sunday School within their Church or those who already have a Sunday School and who can share their practice and find out more to enhance their Sunday School.

The object of the meeting is:-

- **To help Churches who do not have a Sunday School**
- **To provide information on how a Church can start a Sunday School and build one up from scratch.**

The aim is to spread ideas, build up confidence and to try and make the teaching of children interesting and worthwhile.

Through the experiences at the Sunday School at St Mary Magdalene's we have managed to build up resources of over 100 stories – mostly on biblical subjects which form the base of our teaching, activities etc. These are available for use by others.

This evening is an opportunity for us to discuss what we can do, even in a Church that feels they cannot get going and to think what might happen "if..."

We look forward to meeting you on **Wednesday, 25th September at 6.30pm at St Mary Magdalene's, Dudhope Crescent Road, Dundee.**

Feel free to bring along other interested parties. It is a good excuse to start laying foundations.

Reverend David Shepherd
