

Alongside fundraising for “overseas” projects, each diocese within the UK has its own unique charity number: dioceses respond to local needs, raise funds and put in place local programmes.

Some of our activities include:-

Praying

Prayer underpins everything. We pray for our members across the world and they pray for us. We have special days of prayer, prayer chains and we pray at every meeting.

Working in Prisons

Members in our joint dioceses are involved in local prisons, running activities for visiting families and sending Christmas cards to prisoners, to show that everyone is loved by God.

Lobbying on Family Matters

We lobby our MSPs on issues of concern to us such as criminalizing the purchase of sex in Scotland in order to end the demand for sex trafficking; improving the lot of families in poor countries through the Jubilee debt campaign; and protecting children by stopping sexualised images in the media.

Knitting and sewing

We sew gowns and bonnets for still-born babies and knit clothing for premature babies. They are all made with love.

Away From It All (AFIA)

Funds are raised to give families who might be under stress, financially or otherwise, a family day trip together. Anyone can nominate a family for an AFIA break, but applications should be endorsed by clergy or social workers.
